## ZODIACO VIRGO DINNER PLATE

\$100

### DESCRIPTION

Part of the Zodiaco collection, this dinner plate is dedicated to the astrological sign of the Virgo and can be a superb gift and it can be served at table along with other pieces of the same series for a complete look. Crossing black and gold lines intersect as part of the map of the sky and cross over the central area of the piece, where the lovely image of a woman appears surrounded by the Latin name of the sign and its months. A small red symbol of the sign appears over the woman, to add a colorful accent.
