VISCONTI SCONCE BY MASSIMILIANO RAGGI

\$6,290

DESCRIPTION

Part of the retro-chic collection, this sconce by Massimiliano Raggi features two mirroring elements of different sizes that celebrate the harmonious coexistence of contrasts. This refined piece is made of metal with the small brass element finished in antique silver, while the other is covered throughout with a mosaic made up of tiny tesserae and inserts in Alicrite. The piece is lit with two LED strips max 22.2 W 3000L color temperature and 2473 lumens. The default voltage is 220V, however other voltages can be requested. This sconce is CE certified.
