VIVO CHAIR

\$1,980

DESCRIPTION

Light, comfortable, and versatile, this chair harmonizes three elements: curved arms anchored to the front legs, slightly flared back legs in a continuous line with the backrest and inclined seat. The simple yet elegant silhouette merges with a remarkable ergonomic form to create an exceptionally comfortable hardwood chair that will suit both modern and rustic-chic interiors. Available optionally with a thinly upholstered seat, the Vivo chair is a masterpiece that combines simplicity in form and aesthetic function, tradition and modernity in a timeless and versatile style.
