VOLO IN FILIGRANA TABLE TOP

\$11,900

DESCRIPTION

Eclectic and mesmerizing, this top is ideal to decorate a table with hypnotic textures and a splash of colors and reflections. The round wrought iron base is adorned with central element in silver filigree (hence the name of the piece: Filigree Flight) taken from an antique ex-voto offering. Four round mirrors add a special sparkle to the surface and are surrounded with amethysts and pearls. This piece is sold without the crystal top, to be added. A wrought iron base can be requested - please ask the Concierge for details.
