## VORTEX SCULPTURE

\$5,400

### DESCRIPTION

This work of art is entirely crafted of marble, combining a base in Nero del Belgio and a top in Carrara marble. Part of a collection inspired by feathers, this piece evokes the fragility of life and urges to "carpe diem" with a Surrealist symbol. The delicate silhouette of the feather rests on a vortex of black water that doesn't sink it, rather makes it stronger.

### DETAILS & DIMENSIONS

- Material: Marble
- Dimensions (in): W 5.91 x D 5.12 x H 16.54
- Dimensions (cm): W 15 x D 13 x H 42
- Handmade In Italy
