**VOX BASSA TABLE LAMP BY LORENZA BOZZOLI IN PORTORO MARBLE**

\$875

## DESCRIPTION

This elegant and modern piece was designed by Lorenza Bozzoli and is part of the Vox collection. Its striking volumes are rigorously geometric and feature the combination of the cylindrical base of Portoro marble with the conical top of polished brass. Either paired with a twin to flank a mirror or a bed, or combined with others in the same series for a dynamic effect in a living room, this piece is sophisticated and light.
