**VRMSOMM POLYHCROME VASE**

\$1,190

## DESCRIPTION

This breath-taking vase is a triumph of colors and fluid lines, created as a result of the free and unpredictable shape glass acquires when blown. Unrepeatable and seductive, its drop-shaped silhouette appears further intriguing thanks to the englobing of the polychrome mass into another one in transparent glass, an effect achieved following the traditional "sommerso" technique.

## DETAILS & DIMENSIONS

- Material: Glass
- Dimensions (in): W 5.51 x D 5.51 x H 13.78
- Dimensions (cm): W 14 x D 14 x H 35
- Handmade In Italy
