WALL 02 RUG

\$8,780

DESCRIPTION

Evoking the understated elegance of Jackson Pollack's paintings, this piece will infuse any decor with modernist sophistication. Part of the Wall Collection, this exceptional rug is distinguished for its use of color and gradients, masterfully rendered in wool and bamboo fibers by Tibetan and Indian craftsmen. A striking array of gray, taupe, and black colors dominate the background, while the prominent hint of turquoise enriches the composition. Customizable available for the entire piece.
