### WHITE SEABED OVAL PLATE

\$415

#### DESCRIPTION

Part of the Corallo Collection, introduced at Milan Design Week 2018, this oval plate is a superb interpretation of the colorful mysteries of marine life. It was crafted by hand in porcelain and features a white background on which spots and dots create a fantastic landscape of corals, sand, and hidden gems at the bottom of the sea. It can be used to serve food on a modern table either alone or combined with the other items in the same series for a complete set. All plates are dishwasher safe.
