## WING RECTANGULAR TRAY

\$450

### DESCRIPTION

This sophisticated tray, part of the Wing collection, has a wooden structure upholstered in leather with a non-slip material at the bottom. Its wing-like handles are in chromed metal and the leather can be in water- and scratch-resistant calfskin, or have a crocodile print, a woven texture, or a drummed texture, or have a natural finish with a smooth surface. All these options are part of Pinetti's signature leathers.
