WISE EZE MIRROR

\$680

DESCRIPTION

Part of the Wise series designed by Lorenza Bozzoli, this striking mirror can be hung on a wall, thanks to its back hook, or placed anywhere in the house using its iron pedestal with an epoxy black finish. The ash wood of the structure is finished with an elegant wenge paint that complements the brass element adorning the surface of the mirror. Along with the thick top element of the frame, the brass decoration creates the shape of a mask, giving poetic significance and symbolism to this piece.
