## WISE HAUA MIRROR

\$560

### DESCRIPTION

This striking round mirror was designed by Lorenza Bozzoli and features a base in solid ash wood with a natural finish. The subtle brass decoration gracing the surface of the mirror evokes the shape of a mask creating a symbolic dialogue with the object reflected on it. This elegant piece has an ultra contemporary allure and can be hung on a wall with a hook in the back or can be placed on a table using its pedestal in iron with an epoxy black finish.
