### WOOD AND LEATHER DESK

\$15,390

#### DESCRIPTION

The minimal aesthetic and functional design of this exquisite desk make it the perfect fit for a modern living room or home office decor. Supported by a frame with eucalyptus veneer and copper-finished metal details, this desk has a black leather top with a waterfall edge and an open-frame leg on one side and sharp edge and a three-drawer unit on the other. This desk is rich with functional details: from an additional soft-close drawer for the laptop to a hidden storage space on the side top. The drawers showcase metal knobs with a brushed-copper finish bearing the company logo.
