XO CABINET A

\$50,410

## DESCRIPTION

Like a magic chest, this cabinet reveals a precious interior to house its bar function. The outside is in line with the rest of the collection and is decorated with black hexagonal textures on a white background. The bee decorative theme enhances it with copper inserts. Tassels in four shades of grey emerge from the doors. Two versions, A and B, to choose from or pair together. Below, a single drawer with a bottle holder basket inside. The handles are metal with a copper-coloured finish. This Cabinet (bar on request) is made from plywood covered in black wood veneer and a choice of canaletto walnut or rosewood, with white/black and copper inlays. The internal decorations and handles are metal with a copper-coloured finish. The inside is decorated with amber-coloured mirrors. The stainless steel bottle holder basket is contained in the drawer below. Strengthened by an internal metal structure, the legs are made from solid beechwood with a black finish and are embellished with a vertical brass line. The Tripolina tassels feature threads in four shades of grey. The middle surface is finished in gold leaf. Semi-gloss finish.
