XXX SQUARE COFFEE TABLE

\$1,195

DESCRIPTION

Perfect in its imperfection, this coffee table of the XXX series designed by Lapo Ciatti exemplifies how a design piece can transform the aesthetic of any room. The simple silhouette features a stainless steel square top with irregular edges and a scratched finish sitting atop a polished three-legged base of wrought iron with a T-shaped joint. The contrasting finishes of the 24kt gold plating make for an appealing piece that will match any decor. Light and elegant, this coffee table will add a stylish look to any living room when paired with the square side table.
