XY&Z COFFEE TABLE

\$5,725

DESCRIPTION

Part of the XY&Z collection, this sophisticated coffee table is a piece of functional design that is minimalist and modern. Its bold character will enhance the look of a contemporary living room, thanks to its straight and angular structure in steel with a top that folds to function as part of the support. This sheet is in Supermirror, a highly reflective material that, unlike glass mirrors, won't shatter. The effect is an elegant piece that will make a statement in any room.
