YELLOW PEACOCK FEATHER DESSERT PLATE

\$150

DESCRIPTION

Master ceramist Maria Rita Nicolini handcrafted this one-of-a-kind dessert plate from the Yellow Peacock Collection, adorning it with her signature motif of delightful peacock feather painted in vibrant tones of blue and yellow for a striking chromatic look that will surely elevate any table setting. The feathers adorn the center and the rim, seemingly embracing the dessert placed within. The piece can be combined with twins and with dinner plates from the same series for a coordinated look.
