LIGHTING : SCONCES & WALL LAMPS

Sigma L2

Z548 SCONCE

\$6,160

DESCRIPTION

Any decor will be enhanced by the addition of this exquisite wall sconce which features a unique design element composed of metal rods with a frosted texture, soldered together in an irregular pattern. The element functioning as the shade is crafted from a curved sheet of natural brass and the securing elements are in natural brass as well. This piece can stand alone or it can be paired with one just like it and placed in either side of a bed or sofa.
