ZELLIJ BRACELET IN PINK GOLD AND BLACK DIAMONDS

\$650

DESCRIPTION

Unique and sophisticated, this bracelet is part of the Zellij collection, named after traditional Moroccan tiles that are the inspiration for the inlay work that graces its hexagonal-shaped clasp, completed with .02 carat black diamonds. Entirely made by hand of 925 silver with 18k pink gold plating, the standout feature of this piece is its mesh-like body, whose flexible quality is obtained by mixing the metal with grey and black silk strands with a technique used in the Renaissance. This stunning piece is a superb example of fine hand-craftsmanship and comes also in a smaller size.
