ZIG ZAG OUTDOOR COFFEE TABLE

\$4,105

DESCRIPTION

A striking complement to both a classic and a modern outdoor area, this coffee table will be the ideal surface to accompany the Zig Zag Armchair. Its structure is made of forged iron in a cutout silhouette that boasts a round top and bottom of white Carrara marble mounted in an iron structure whose standout element is the open central body with tapered pieces in a zigzag pattern. This piece is suitable for outdoor use due to the zinc treatment and powder-based red varnish applied to the iron frame.
