\$2,440

### DESCRIPTION

Designed by the duo Doriana and Massimiliano Fuksas in 2014, this table lamp in mouth-blown glass features concentric bands that create a trapezoid silhouette. Handmade with the opaline technique, the intense taupe color is obtained by encasing the milky-white glass ("lattimo") with thin transparent and colored glass layers. It holds one halogen 27 max 70W bulb and is compatible for CFL bulbs
