Francesco Elli by Tommaso Elli

ZOOMORPHIC CHAIR

\$3,840

DESCRIPTION

Boasting an ornate, striking design, this refined armchair in solid wood is meticulously carved and painted by hand using natural, water-based dyes. Both the open backrest and the armrests showcase fine zoomorphic decorations in black and golden shades that immediately capture the eye. Inlaid golden roses grace also the backrest's top and the 48cm-high seat's support adding a further accent of elegance. Part of the Francesco Elli Collection, this piece comes with a standard silver lining that can be customized afterward. Other finishes are available, please contact the Concierge for options.
